Educational Resource Center

Ruby Griggs-Gabbedon, DNP, MSN, RN
Director, Educational Resource Center

The Educational Resource Center consists of the Library, Computer Lab and Nursing Skills Labs.

The Educational Resource Center staff is available to provide access to, and instruction on, a variety of learning resources to enable students, faculty and LAC+USC Healthcare Network employees the opportunity for professional and personal growth.

Student Learning Outcomes

Students:

- Demonstrate knowledge of available learning resources both in print and electronic form and effectively access, retrieve and analyze information. They utilize these resources for personal and professional growth.
- Demonstrate knowledge of skills development resources by accessing the skills lab and use these resources to enhance learning.
- Demonstrate psychomotor skills, critical thinking and communication skills in the Skills Lab setting to be used in the provision of safe care in the clinical setting to diverse patient populations.

Specialized searching under each tab

The screenshot displays the Nursing Reference Center Plus search interface. At the top, a navigation bar includes tabs for 'All Areas', 'Diseases', 'Skills' (highlighted with a red circle), 'Drugs', 'Management', 'Continuing Ed', and 'More'. Below this, a search bar contains the text 'gastrointestinal intubation' and a 'Search' button. A yellow callout box points to the search results, stating 'There are 104 total results'. On the left side, a 'Refine Results' panel shows 'Material Types' with options: 'All Results' (checked), 'Skills (36)', 'Videos (6)', 'CEUs (36)', and 'Books (62)'. A blue arrow points from the 'All Results' option to the search results. The main search results area shows 'Search Results: 1 - 10 of 104' (with '104' circled in red). The first result is '1. Inserting a Nasogastric Tube for Stomach Decompression' from the 'CINAHL Nursing Guide, 2016 Feb 12 (Video)', with a 'Video' link and a 'Video Recording' icon. The second result is '2. Orogastric Feeding Tube: Inserting in Infants and Children' from 'Caple C; Pravikoff D; CINAHL Nursing Guide, EBSCO Publishing, 2017 Dec 08 (Nursing Practice and Skill - CEI)', with links for 'HTML Full Text', 'PDF Full Text', and 'CE Module', and a 'Skill Set' icon.

The screenshot shows the EBSCOhost search interface. At the top, the search term 'fatigue' is entered in the search bar, and the 'Search' button is visible. Below the search bar, the 'Refine Results' sidebar is open, showing the 'Limit To' section. In this section, the 'Full Text' checkbox is circled in red. A blue callout box with white text and an arrow points to this checkbox, stating: 'Avoid this by selecting the Full Text limiter button'. The search results are displayed on the right, showing 'Search Results 1 - 10 of 35,885'. The first three results are listed, each with a title, a brief description, and a 'PlumX Metrics' icon. The first result is '1. The impact of workload on the ability to localize audible alarms.' The second result is '2. Physical...' and the third is '3. Test-retest reliability of the unsupported upper-limb exercise test (UULEX) and 6-min peg board ring test (6PE...'. Each result is preceded by an 'Academic Journal' icon.
